The AIDS Access Foundation has a strong belief in the sharing of information and resources to better our work, and the work of people in our communities. This section allows us to share information through four sections:

- Training curricular

- Films

- E-forum

- IEC Materials

We encourage you to download our resources for you work, and to share your resources with the HIV community. To have a resource included on these pages, please email: [regional@aidsaccess.com](mailto:regional@aidsaccess.com) with 'Resources for web' in the subject line.
